Tariff of Charges

Regulated and Unregulated Bridging Products

This tariff is for regulated and unregulated Bridging products.

We want you to know when you might need to pay a fee for the administration of your loan.

We want our fees and charges to be clear and easy to understand. Our tariff of charges adopts good practice principles and allows you to compare against other lenders.

When looking at the fees that other firms charge, you may notice some that don't appear in our tariff (below). This means we don't charge you these fees.

If you request a complex or unusual transaction, we may need to charge an additional fee for this but will make you aware of this in advance so you can decide if you wish to proceed.

These fees/costs are normally charged by the solicitor directly to you. You will also have to pay for the legal work undertaken on our behalf. This fee is in addition to the fees that your solicitor will charge in respect of the work carried out on your behalf.	Variable
